Strategic Plan: Acceleration 2020

Our Theory of Action: Schools as the Unit of Change

Acceleration 2020 is an ambitious plan to accelerate student outcomes and close the achievement gap by 2020. MPS will increase school autonomy so schools can tailor programs to meet community needs and values; deliver funding so schools will receive resources based on the needs of their unique student populations; and focus on academic support efforts.

To close the achievement gap by 2020, every year for the next five years, we must have:

- 5% annual increase in students overall meeting or exceeding state standards in reading and math
- 8% annual increase in students meeting or exceeding standards in reading and math for MPS’ lowest-performing students
- 10% annual increase in the four-year graduation rate
